Collier Resources Company invites you, staff and consultants to attend a meeting on September 22, 2014 from 1:30-3:00 to review, comment and ask questions concerning the presentation that was made on Collier Resources behalf by Conestoga-Rovers and Associates to the Board of Commissioners on September 10, 2014. The meeting will be held at the Barron Collier offices, 2600 Golden Gate Parkway. The presentation has a significant technical basis and we welcome the opportunity for an in-depth discussion from qualified experts to more fully vet the conclusion presented and take input on identifying gaps to improve our efforts moving forward.

Addressing the concerns of the community with sound technical data and analysis is our highest priority. If you have any questions or concerns, please contact me.
